4D HIFU + RF MICRONEEDLING

Our new latest product (4D+Radio Frequency): 2 in 1, Two in one is a multi-row fixed-point + sectional type RF Microcrystals technology. It combines 4D multi-row with gold RF microcrystals, The treatment effect of skin aging will be better, It can effectively tighten and enhance the skin, and at the same time, it can effectively improve the skin condition and restore the young and healthy skin, to realize the Trinity and three-dimensional anti-aging. The clinical effect has been unanimously recognized by medical and aesthetic experts and institutions.

4D-HIFU multi-line beauty machine is a more authoritative and higher-end anti-aging system instrument after the continuous Thermage Ultrasonic Beauty Machine. It replaces various effects of traditional facial anti-aging wrinkle surgery - including face-lifting, removing double chin, lifting firmness, wrinkles, tightening the skin, etc. It completely solve the problem of aging and sagging on the face and body parts, and recreate the contours to restore the youth!

Gold RF - is a hightech instrument which integrates lattice, RF and microcrystalline. In addition to facial rejuvenation, golden radiofrequency microcrystals can improve skin quality such as large pores and pits, and can also treat stretch marks and axillary osmidrosis. Gold RF is through the ingenious combination of microcrystalline and radio frequency, The word "gold" comes from the microcrystalline crystal coated with gold film, The outer coating of microcrystalline is also golden yellow.
